## **Bourns Introduces New 2 mm Square Sealed Trimming Potentiometer - Model 3342**

Bourns® Trimpot® Division is proud to announce the release of our new 2 mm square sealed single-turn trimming potentiometer. [Model 3342](#) is sealed to withstand standard industry water wash processes and offers better electrical performance than its open-frame counterparts. As the world leader in trimmer technology, Bourns continues to offer leading edge products to fill the market demand for smaller, more reliable components.

The Model 3342 is RoHS compliant and is only available with 100% tin-plated leads.
