

PRODUCT OBSOLESCENCE MEMO

DIODES

Select Bourns® Model SMF4L and SMF4L-Q Series Transient Voltage Suppressor Diodes to be Discontinued

Riverside, California – December 13, 2021 – In accordance with our product life cycle management procedure, Bourns is transferring select Model [SMF4L](#), [SMF4L-Q](#) Series Transient Voltage Suppressor Diodes to an End of Product Life status effective September 30, 2022. A lack of sales volume and diminishing demand necessitates this action. A list of affected part numbers is included below.

No replacement part numbers are available at this time. Customers may continue to purchase these parts during the End of Product Life transition period between now and September 30, 2022. Orders for these discontinued products during this End of Product Life transition period will be considered noncancellable. Products purchased during this End of Product Life transition period will be considered nonreturnable and will be covered by Bourns' standard warranty.

Please plan for the following deadlines:

Last time buy date: **September 30, 2022**

Last time ship date: **March 31, 2023**
