

## Product Obsolescence Memo

CO & OUTSIDE PLANT PRODUCTS

January, 2013

### Select Bourns® 5-Pin Protector Modules to be Discontinued

Bourns Outside Plant Product Line will be discontinuing select 5-Pin Surge Protector part numbers and pins which were included in the acquisition of certain Corning Cable Systems LLC (“Corning”) assets. The obsoleted products include [7x](#) and [9x](#) style 5-Pin Surge Protectors. A lack of sales volume and diminishing demand necessitates this action; the majority of Bourns’ customers purchase the products under the Bourns part number.

The corresponding replacement parts have the same form, fit and function as the former Corning models.

#### 7x:

<b>Obsolete Part Numbers (Corning Models)</b>	<b>Replacement Part Numbers (Bourns Models)</b>
303M-07G1G0 .....	2410-31-G-MSP
