

Product Obsolescence Memo

SENSORS & CONTROLS

November, 2012

Select Product Series to be Discontinued

Bourns Sensors & Controls Product Line is announcing the discontinuance of all versions in the following product series:

 <p>Model 0042 Trimpot® Trimming Potentiometer</p>	 <p>Model 1027 Slide Potentiometer</p>
 <p>Model 0074 Rotary Potentiometer</p>	 <p>Model 1072 Slide Potentiometer</p>
 <p>Model 0503 Rotary Potentiometer with Switch</p>	 <p>Model 1547 Push Switch</p>
 <p>Model 1023 Slide Potentiometer</p>	

This announcement is being prompted due to a lack of sales volume, diminishing demand and material availability. All orders placed for these series part numbers will be considered NC/NR and may not be scheduled out. Last time buy orders will be limited to stock and materials on hand. In addition, we do not offer any drop-in replacement parts for these discontinued models at this time.

Please plan for the following deadlines:

*Last time buy date: **March 30, 2013***

*Last time ship date: **July 30, 2013***

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
