BOURNS, INC.
COOKIE POLICY

Effective Date: January 1, 2023

This cookie policy describes our and our subsidiary companies' ("we," "us" or, "our" in this cookie policy) use of cookies and describes how you can manage your cookie preferences.

1. **What are cookies?**

    A cookie is a small piece of data that a website asks your browser to store on your computer or mobile device. The cookie allows the website to "remember" your actions or preferences (which could be personal information) over time. Cookies are widely used by online service providers in order to (for example) make their websites or services work or work more efficiently, as well as to provide personalized advertising and to provide analytical reporting information. Some cookies are strictly necessary for the functioning of our website, but others are not.

    Most internet browsers support cookies; however, you can manage your preferences through Manage My Preferences or set your browsers to decline certain types of cookies or specific cookies by configuring your browser's privacy settings (please refer to your browser's help function to learn more about cookie controls). Further, you can delete cookies at any time. Note that if you disable cookies entirely, our websites may not function properly.

2. **Which cookies do we use and why?**

    Strictly Necessary Cookies

    Necessary cookies are strictly required for the website to function. Without these cookies, we are unable to provide services that you have asked for. You cannot opt-out of or reject these cookies.

Cookie	Domain	Description/Purpose	Duration

is_unique	.statcounter.com	StatCounter sets this cookie to determine whether a user is a first-time or returning visitor and to estimate the accumulated unique visits per site.	5 years
ln_or	linkedin.com	LinkedIn internal analytics	1 day

3. How long do cookies last?

Cookies last for different lengths of time, depending on their purpose. Session cookies are temporary cookies, and are only stored until you leave the website, or until you close your web browser. Persistent cookies last for a fixed period of time, defined within the cookie, and allow the website to recognize your device again, when you return to that website on that device. Please see the last column of the above table. This allows us to give you a more personalized web experience in line with your preferences, for example, language preferences.

4. How do I set my cookie preferences?

When you first accessed our website, you were prompted to make a selection as to which cookies you wanted to use. We implemented this practice to ensure that no cookies are placed on your device without your knowledge and affirmative, prior consent except for Strictly Necessary cookies.

You can review and/or modify your cookie preferences at any time by clicking on Manage My Preferences.
