**Bourns® Model SRN6045HA Series Semi-shielded Power Inductors**

**Additional Source of Supply for Inductor Core**

*Riverside, California* - June 30, 2022 – In order to support our fast-growing demand, enhance continuity of supply and provide maximum flexibility to customers, effective November 27, 2022, Bourns will begin using an additional ferrite core material supplier for the Model SRN6045HA Series Semi-shielded Power Inductors. The additional supplier has been qualified and is included in the Bourns Authorized Vendor List.

The material characteristics of the core from the additional supplier are compared to the characteristics of the existing core in the following table:
