Bourns® Model 4551-RC Transmitter RF Choke to be Discontinued

Riverside, California – April 1, 2020 – In accordance with our ongoing product lifecycle management procedure, Bourns is transferring the Model 4551-RC Transmitter RF Choke to an End of Product Life status. We made this decision because we can no longer purchase a special wire required for the construction of this choke.

Obsolete Part Number
4551-RC

Regrettably, no replacement product is available at this time. Customers must notify Bourns in writing within 30 days of receipt of this notification if they consider the discontinued product to be “sole sourced” by Bourns. In such cases, Bourns will work with customers to negotiate an appropriate end-of-life purchase for the discontinued product. Products purchased during this End of Product Life transition period will be covered by Bourns’ standard warranty. Last Time Buy orders for this model will be considered non-cancellable and non-returnable.

Please plan for the following deadlines:

Last time buy date: **September 7, 2020**

Last time ship date: **March 8, 2021**

Should you have any questions or need additional information, please feel free to contact [Customer Service/Inside Sales](#).
