MULTIFUSE® PPTC RESETTABLE FUSES

Bourns® Model MF-MSMF110-2, MF-MSMF150-2, MF-MSMF200-2 and MF-MSMF260-2 Multifuse® PPTC Resettable Fuses to be Discontinued

Riverside, California – July 31, 2025 – In accordance with our ongoing product life cycle management procedure, effective February 28, 2026, Bourns will transfer the Model MF-MSMF110-2, MF-MSMF150-2, MF-MSMF200-2 and MF-MSMF260-2 Multifuse® PPTC Resettable Fuses to an End of Product Life status. The discontinued part numbers and their recommended replacement part numbers can be found in the table below.

Obsolete Part Numbers	Replacement Part Numbers
MF-MSMF110-2	MF-MSMF110/8X-2
MF-MSMF150-2	MF-MSMF150/8X-2
MF-MSMF200-2	MF-MSMF200/8X-2
MF-MSMF260-2	MF-MSMF260/6X-2

The form, fit and function of the suggested replacement parts are not identical to the obsolete parts. However, the specifications of the suggested replacement models are likely to be substitutable for most applications. Please refer to the Bourns data sheet or contact a Bourns representative for more information. Users should test the suggested replacement parts in their specific applications for verification of satisfactory performance. Samples of the suggested replacement part are available upon request.

Customers may continue to purchase these part numbers during the End of Product Life transition period between now and February 28, 2026. Orders for these part numbers during this End of Product Life transition period will be considered noncancellable. Products purchased during this End of Product Life transition period will be considered nonreturnable and will be covered by Bourns' standard warranty.

Please plan for the following deadlines:

Last time buy date: **February 28, 2026**

Last shipment date: **May 31, 2026**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).
