

PRODUCT OBSOLESCENCE MEMO

TRIMPOT® PRODUCTS

Select Bourns® Trimpot® Custom Products to be Discontinued

Riverside, California – July 16, 2025 – In accordance with our ongoing product life cycle management procedure, effective October 1, 2025, Bourns will transfer ten specific custom part numbers to an End of Product Life status. A list of obsolete part numbers is shown below.

Obsolete Part Numbers	
7914S-SY5-000E	7914J-SW3-050
7914G-SW3-024E	3314J-NBI-103E
7914H-SW3-050	3314J-NBI-202E
7914J-SW3-032	3314J-NBI-503E
7914J-SW3-032E	70AAJ-TE2-M0G

There are no direct replacement part numbers. However, the standard models are available as a potential alternative. Although the form, fit and function of the standard models will not be identical to the obsolete models, as they are customized, the specifications of the standard models may be substitutable for some applications. Please refer to the Bourns data sheets or contact a Bourns Application Engineer for more information. Bourns recommends that customers test potential replacement part numbers in their specific applications for verification of satisfactory performance.

Customers may continue to purchase these part numbers during the End of Product Life transition period between now and October 1, 2025. Orders for these part numbers during this End of Product Life transition period will be considered noncancellable. Products purchased during this End of Product Life transition period will be covered by Bourns' standard warranty.

Please plan for the following deadlines:

Last time buy date: **October 1, 2025**

Last time ship date: **December 1, 2025**

If you have any questions or need additional information, please feel free to [contact Customer Service/Inside Sales](#).
