

Product Obsolescence Memo

SLIDE POTENTIOMETERS

February, 2018

Bourns® Model PTS45 and PTS60 mm Series 45 mm and 60 mm High Grade Slide Potentiometers to be Discontinued

The Bourns Sensors & Controls Product Line is announcing the end of life for the Model PTS45 and PTS60 Series 45 and 60 mm High Grade Slide Potentiometers. A lack of sales volume and diminishing demand necessitates this action.

The Bourns® Model PTF45 and PTF60 Series Long Life Slide Potentiometers can be used as alternates to the obsolete Model PTS45 and PTS60 Series Slide Potentiometers. The Model PTF Series Slide Potentiometers offer the same operational life of up to 100,000 cycles, but with improved tracking error at ± 2 dB in a lower profile package. Selected samples are readily available on request.

Obsolete Part Number	Alternative Replacement Part Number
PTS45-02L-103B1	PTF45-154A-103B1
PTS45-02L-503B2	PTF45-154A-503B2
